## Introduction

**INNOHACKS** is an annual hackathon organized by **Innogeeks** at the KIET Group of Institutions, Delhi-NCR, Ghaziabad. It aims at bringing talented young minds together for 24 hours to celebrate their technical passion and build exciting projects!

Innogeeks was established in 2018 with the sole purpose of promoting peer-to-peer learning. The vision of our club is to enhance all-around development and help students learn about the trending technologies revolutionizing the industry. From a team of 5 members to a family of 200+ club members, our club has come so far and still has a long way to go.

**INNOHACKS** is going to be a great stage for the participants to showcase their skills, innovate their ideas and grab amazing prizes! The event will consist of various activities both fun and technical that will enhance the experience of the participants and give them a nourishing environment to grow as innovators and leaders.

Our club aims at boosting the learning journey and celebrating the power of technology through this hackathon. So join us for 24 hours of innovating, hacking and unlimited fun.
